Financial Report

Gumby provided the most recent numbers via email on 2 Oct.

It was suggested we look into avoiding paying Pros to be. i.e. pay out 100% and giving them a player’s pack. Really, the club should look into reducing the payout for open to 75% in order for things like location fees and tournament cost to be reduce in order to provide a better event.

Lots of opinions from the board members. We need to look at the next years FHO. Hawaii, Oahu should focus on Amateur players since 98% of players on the island are Amateur or Recreational players. If we build AM’s, Pros will grow too.

Kupuohi report

We need all the hardware so Steve Aguilar will determine what supplies and cost will be for putting baskets in the ground.

Goal is having baskets in the ground by Thanksgiving.

Zondre can get us a quote for the shipping cost for conversion kits.

Baskets are Mac-5s, got to find the conversion kit for them.

Things are really coming along. Lots of good vibes!

Budget needs to be laid out for Kupuohi.

Membership Committee.

It was recommended to put info on website for members currency or switch to renew annually.

We have moved October event to the 19th at Kupuohi. Eric is in charge of set up. Zondre is in charge of paperwork and Al Bird is going to link up with Jason the permit guy.

November Ho'o event.
